

Francis H. Kruszewski, Ph.D., DABT

Dr. Kruszewski is Director, Human Health and Safety at the American Cleaning Institute where his duties focus on the human safety, toxicology, and public health issues relating to cleaning products and their ingredients. Prior to joining ACI in 2001, he worked for The Gillette Company as Staff Scientist for seven years where he managed their In Vitro Research and Testing Laboratory. This followed positions at Avon Products, Inc. as Senior Research Toxicologist for four years and the National Cancer Institute, NIH, as a postdoctoral fellow. Dr. Kruszewski's academic background includes receiving a Masters degree in microbiology from Rutgers, The State University of New Jersey (1978) and a doctorate in biological sciences from the University of Texas at Austin (1987).
